19 10 42 Dy Secy to Govt Law Dept

U 092 & 20 10-42

No C 30/42-43 one file Dated 21-10-1942

6) Returned with compliments

7) The Municipal President had shown me the proposals submitted to Government with regard to the starting of the Co-operative Stores for the benefit of the municipal employees of the Mysore City and I generally agree with

the proposals In fact the stores society was started on 19-10-1942 and I was present at the inaugural function

8) There is no question that the society will be of great help to the municipal employees to get supplies of food stuffs at reasonable rates There are other societies in the Mysore City doing such work but under present conditions there cannot be too many of them In my opinion Mr Raghavendra Rao has correctly estimated the needs of the society in asking for the loan of Rs 25,000/-

9) The loan is wanted for five years I pointed out to the President how the loan could be repaid in a very short period by adjusting the dearness allowance sanctioned to the municipal employees towards the share amounts and how it is easy to collect Rs 25,000/ in the course of about 15 to 18 months and repay the loan

10) This being a departmental society and all the dues being recoverable from the salaries of the members there is perfect safety for the loan

11) The proposals of the President may be accepted

K Subba Rao
Registrar

M 12) For favourable opinion

13) To the Director of Civil Supplies with compliments
for favour of remarks

14) The financial help requested may perhaps be sanctioned in view of the relief it gives to the Staff. As an abnormal situation such grants are not likely to last for five years, and time of repayment may be earlier than that, by some method as suggested by an Registrar of Co-op Societies.

Financial Secy

15) In the special circumstances of the case I have no objection to the advance of Rs 25 000 recommended being given provided necessary safeguards are furnished assuring the due return of the loan The statement of the Registrar that merely because the Society is a departmental one 'there is perfect safety for the loan cannot be accepted without qualification

16) The loan may be free of interest only for one year in the first instance If the situation does not improve in the meanwhile the question of continuing this concession for any further period may then be considered

SECT

B S RAGHAVENDRA RAO Esq M A (H s)
PRESIDENT CITY MUNICIPAL COUNCIL
MYSORE

To

C Narayanaswamy Naidu, Esq , B A ,B L ,
Secretary to Government, Law Department,
BANGALORE

Sir,

I have the honour to state that as sanctioned in Government Order No L 6382-84/M1 104-41-87 dated 27th January 1942 The Municipal Co-operative Stores has been started and it has been decided that with a view to help the employe s of the Municipality and Trust Board to get their requirements of provision at reasonable rates during any emergency all necessary articles of food-stuffs such as Rice, Ragi, Dhal, Sugar etc in sufficient quantities should be stocked for the purpose and that at least two months' stock be maintained so that the Municipal staff may have no misgivings at all about the availability of food-stuffs for themselves and their families during any emergency whatsoever In order to enable this being done and to finance the keeping of this large stock at the General Body meeting of the Stores held on the 28th August 1942 it was resolved that Government be requested to kindly advance a sum of Rs 25,000/- to the Stores for the purpose of purchasing and stocking provision for the members and others, free of interest and repayable in Five years It is proposed to stock provisions required for the staff both executive and ministerial and also menial including sweepers etc and make the same available to them at reasonable rates For this purpose about Rs 25,000/- will be required as per calculations noted in the margin

		Mlty	T Bd	
1	Monthly disbursements, clerical and executive staff	Rs 2,915	+ 892	
2	--do-- Menials, sweepers, scavengers etc	15,042	+ 610	
		23,957	1,500	
3	50% of above representing cost food-stuffs 2 months' requirements will thus be	13,000 26,000		

the number of officials clerical,

clerical, executive and menial including sweepers and scavengers in the Municipality and Trust Board Offices are as noted below

		Municipality	Trust Bd	Total
1	Clerical & Executive	197	24	221
2	Menials including gangmen	341	149	490
3	Sweepers & scavengers (including Sewage Farm)	730		730
4	Kalihath gangs	126		126

A good number of men of the Kalihath gangs, vide item 4 above are all trained in Rescue and Demolition work and their services would be absolutely essential in case of any emergency

To the extent that the Society could keep in stock enough provision to last their essential services for two months, it need hardly be pointed out that this Society would be serving a very vital and important purpose and would be relieving the Civil Defence authorities of a big portion of their responsibility regarding these services If this scheme works well the same Society could also function for the A R P services and stock and issue the necessary food-stuffs for them also I may add also that the storing of provisions sufficient for at least two months will also give a strong sense of security to the officials, who will know that always and under whatever circumstances irrespective of the general market they could obtain from the Society provisions necessary for their ordinary domestic consumption and they need not worry about it

If only the Society could meet the difference between selling rates and the rates of purchase and make available at the Society food-stuffs at rates prevalent in September 1941 the employees I understand would even prefer such an arrangement to the Dearness allowance they are now getting, the utility of which would depend on the ruling rate in the market rates of provisions But this is a separate matter

If the Society is to function, the initial capital for buying two months stock would be necessary The Society having just started cannot command the necessary capital for the purchase and stocking of these provisions

I therefore request you to kindly obtain the sanction of Government to advance a sum of Rs 25,000 free of interest repayable in 5 years for the above Stores which although a departmental Stores is in these times of emergency mainly meant for giving relief to the essential services in this City and is taking up a work which otherwise would have had to be taken up by the Civil Defence Department

Regarding the security for this loan the share capital of the Society is Rs 5/- and it is expected that the Society would have about 1,000/- members and that at least 3,000 shares would be subscribed for very early and about, 000 in the near future The shares as well as the purchases made out of the loan and then sale proceeds would also be secured against the loan

As an additional security and to see that the loan amounts are properly utilised it was considered desirable to have a full time Government Officer as Secretary It was therefore resolved at a general meeting of the Society that Government be requested through the President to kindly sanction the following establishment for the Stores, the cost of establishment being borne by the Government as a subvention to the Society till the war is over

1 Assistant Secretary
2 Two Clerks on Rs 25-1-30 and 15-1-20 P M
3 Two peons on Rs 10/- each P M

Although the resolution of the Society requests the sanction to the appointment of a full time Assistant Secretary, I think for the present it would be enough if Mr C Anandarama Rao, Chemist of the Health Office, Mysore City and who is the present Secretary and who I understand has got considerable experience in the running of such Societies is appointed Secretary of the Stores and the Society in addi-

addition to his duties, he being given an allowance of Rs 30/- per mensem and in order that the work in the Laboratory may not be interfered with, an additional temporary chemist on Rs 40/= appointed in his place The extra cost on this account would thus be Rs 70/- per mensem With these modifications the proposals will mean a subvention to the Society in the first instance of Rs 130/- per mensem The Municipal Council has given already Rs 500/- for establishment and the extra amount required would only be Rs 1,060/- But considering the great importance and the absolute necessity for such an institution at the present juncture and also of the fact that a full time Government official as Secretary will mean better control and a better security for the loan to be advanced by Government, the proposals may kindly be sanctioned

The question of reducing the subvention may be considered at the end of the War when there may be no need for a Government subvention to such Societies

In conclusion sanction is requested for

1 An advance of Rs 25,000 free of interest repayable in five years

2 A subvention of Rs 1,060 for the following establishment

a) Secretary's allowance of Rs 30/- P M (for one year)	Rs	360	0 0
b) Additional hand to the Laboratory to assist him, on Rs 40/- P M		480	0 0
c) Two clerks, one on 25-1-30 and another on 15-1-20		480	0 0
d) Two peons on Rs 10/- each		240	0 0
	Rs	1,560	0 0
Less subvention given by the Municipality		500	0 0
	Rs	1,060	0 0

Or a lumpsum grant of Rs 1,000/-

3 To appoint Mr Anandarama Rao as Secretary in addition to his own duties with an allowance of Rs 30/- P M and

4 to appoint an additional temporary Chemist on Rs 40/- P M to assist Mr Anandarama Rao in the

in the Laboratory work

Early orders are solicited

I have the horour to be,
Sir,
Your most obedient servant,

B Narasimhaiah
